

PACC-DC INVITES YOU TO

“Demystifying the GSA Schedule Application Process”

- What is the GSA Schedule?
- What are the differences between Schedule 70, MOBIS and AIMS?
- How do you get on the GSA Schedule?
- How will my company benefit from a GSA Schedule?
- What does it take to win a government contract?

Speakers:

- **Bernice Harris**, Division Director of GSA, IT Acquisition Center
- **Roberto Llames**, President of Enterprise Solutions Inc. (ESI)
- **Scott Orbach**, President of EZGSA

Want to sell your products or services to the government? The GSA Federal Supply Schedule is the most popular buying vehicle the government uses. Whether you're a new or established business owner, learn how a GSA Schedule can benefit your business. Our speakers will explain the different types of GSA Schedules and which one is right for you. You will also find out what types of products and services the government buys.

Our speakers will introduce you to the world of GSA Schedules and government contracting directly from the perspectives of GSA officials and federal contractors.
